## PDL Community Bancorp Announces 2020 Second Quarter Results

New York (July 31, 2020): PDL Community Bancorp (the "Company") (NASDAQ: PDLB), the holding company for Ponce Bank (the "Bank"), reported a net loss of $(\$ 571,000)$, or $(\$ 0.03)$ per basic and diluted share, for the second quarter of 2020, compared to a net loss of (\$1.2 million), or (\$0.07) per basic and diluted share, for the prior quarter and net income of $\$ 950,000$, or $\$ 0.05$ per basic and diluted share, for the second quarter of 2019 .

Carlos P. Naudon, the Company’s President and CEO, noted "2020 continues to be a year of investing - in the safety of our people and the future of our organization and our communities - with the clear goal of enhancing stakeholder values. Although the COVID-19 pandemic slowed our business, we continued our implementation of GPS, our Salesforce based CRM; we attended to the needs of Ponce Bankers by maintaining their jobs and temporarily enhancing their benefits; we responded to the needs of our communities by handling over 1,000 applications for Paycheck Protection Program ("PPP") loans from customers and non-customers alike, allowing loan forbearances upon requests and ensuring that we publicly stood by our commitment to fairness and justice for all; we enhanced our asset quality by significantly increasing reserves; and, we increased our shareholders' value by resuming repurchases of our shares. Although these steps resulted in a loss per share of ( $\$ 0.11$ ) for the six months ended June 30, 2020, we remain confident that our investments in the first half of the year, coupled with the closing of the Mortgage World Bankers, Inc. transaction in July as well as other initiatives, will continue to build stakeholder value."

Steven A. Tsavaris, the Company’s Executive Chairman, added "It is gratifying that our commitment to our communities was recognized by the National Community Investment Fund in their Banking Industry Peer Group report for the first quarter of 2020. Ponce Bank was ranked 11th nationally in total assets and 7th in total loans among the 140 banks that also are CDFIs. Among the 20 largest, we were ranked 1st in our housing focus, 2nd in our lending in LMI areas and 6th in the proportion of branches in LMI areas. This data is not an anomaly; we are consistently a top performer in their Social Performance Metrics."

The Company continues to assess the economic impact of the COVID-19 pandemic on borrowers and believes that it is likely that it will be a detriment to their ability to repay in the short-term and that the likelihood of long-term detrimental effects will depend significantly on the resumption of normalized economic activities, a factor not yet determinable. The allowance for loan losses was $\$ 13.8$ million, or $1.27 \%$ of total loans (total loans include $\$ 83.6$ million of PPP loans) at June 30, 2020, compared to $\$ 12.3$ million, or $1.28 \%$ of total loans, at December 31, 2019 and $\$ 12.5$ million, or $1.32 \%$ of total loans, at June 30, 2019. Excluding PPP loans, the allowance for loan losses is $1.38 \%$ of total loans. Net recoveries totaled $\$ 6,000$ for the quarter ended June 30, 2020, \$9,000 for the quarter ended March 31, 2020 and $\$ 11,000$ for the quarter ended June 30, 2019.

As of July 21, 2020, there were 421 loans aggregating $\$ 384.0$ million, in forbearance primarily consisting of the deferral of principal, interest, and escrow payments for a period of three months. Of the 421 loans in forbearance, 329 loans aggregating $\$ 297.4$ million have not requested, and 92 loans in the amount of $\$ 86.6$ million have requested, up-to-an-additional three-month forbearance
extension at the conclusion of their initial three-month forbearance period. All of these loans had been performing in accordance with their contractual obligations prior to the granting of the initial forbearance. The Company actively monitors the business activities of borrowers in forbearance and seeks to determine their capacity to resume payments as contractually obligated upon the termination of the forbearance period. Under the current economic conditions and based upon available data, the Company is unable to conclusively determine the repayment capacity, if any, of most of such borrowers. The initial and extended forbearances are short-term modifications made on a good faith basis in response to the COVID-19 pandemic and in furtherance of governmental policies.
