ECIP Disposition – Executed Agreement

On December 20, 2024, PFG entered into an ECIP securities purchase option agreement with the US Department of the Treasury, allowing repurchase at a future date, subject to compliance with certain qualifications

The repurchase date could occur as soon as 3Q 2026, assuming satisfaction of the necessary conditions

Determination of sale price: based on the dividend discount model

While there can be no assurance as to the final repurchase price, **the price could be as low as 6.63%** under the current guidelines, (assuming a dividend rate of 0.50%, RFR of 4.79% (20 Yr Treasury as of 6/30/25), Beta of 0.50 and ERP of 5.50% and satisfaction of the deep impact condition)

Impact of ~8.75 \$ per share, under the above assumptions, \$225 million ECIP, 24.0 million common shares outstanding

Status on progress: Have achieved 12 consecutive quarters with an 80% rate of deep impact lending (vs 60% requirement for 16 consecutive quarters to qualify for repurchase); ensured another year of preferred dividends of 0.50% based on our originations from 2Q24 to 1Q25; our originations during 2Q25, put us at 69% of the goal to qualify for the 0.50% dividend next year, with three quarters to go to get the remainder 31% of the goal

Community Development Financial Institution

As a CDFI, the Company has received over \$5 million in federal grants

As of September 30, 2024, there were approximately 1,400 CDFI's operating nationwide, but fewer than 200 are banks, and the Bank ranks amongst the largest

The CDFI designation qualifies the Company for grants and capital opportunities such as the Emergency Capital Investment Program (ECIP), which the Company benefitted from in the form of a \$225 million investment from the U.S. Treasury for Senior Non-Cumulative Perpetual Preferred Stock; only CDFIs and MDIs were able to participate in this program – it comes at no cost (to capital) for the first two years and includes rate reduction incentives after that with a cap of 2.00%

Ponce Bank has won awards and mandates for community development and ranks as one of the largest and most housing focused CDFIs in the country.

The CDFI Program offers both Financial Assistance and Technical Assistance awards to CDFIs. These competitive awards support and enhance the ability of the Company to meet the needs of the communities they serve.

- Financial Assistance awards are made in the form of loans, grants, equity investments, and deposits, which CDFIs are required to match dollar-for-dollar with non-federal funds. This requirement enables the Company to multiply the impact of federal investment to meet the demand for affordable financial products in economically distressed communities.
- Technical Assistance grants are offered to CDFIs and Certifiable CDFIs to build their organizational capacity.

Minority Depository Institution

The Bank is designated an MDI, classified under the Federal Deposit Insurance Corporation (FDIC).

The FDIC defines an MDI as a federally insured depository institution for which (1) 51% or more of the voting stock is owned by minority individuals; or (2) majority of the board of directors is a minority and the community that the institution serves is predominantly minority.

As of December 31, 2024, the FDIC recognized 151 MDIs across the United States and its territories, with collective assets of approximately \$366 billion.

One of 32 banks in the country designated as both an MDI and a CDFI.

- As an MDI the Bank can provide financial services to and for underserved communities as designated by the federal government including African, Asian, Hispanic, and Native Americans.
- MDI designation allows the Bank to provide many benefits to low-to-moderate income communities, including access to credit, values-driven banking, international languages and locations, financial education, and community-specific services.
