President and Chief Executive Officer’s Comments

Carlos P. Naudon, Ponce Financial Group’s President and CEO, stated “Despite the challenging operating environment, we continue to make progress both in terms of improving our economic performance as well as serving our communities. We have exceeded our qualified lending targets under ECIP and qualified for a 0.50% preferred dividend rate. Book value per share continues to grow and is now \$11.45 (up \$0.51 vs last year) and total equity per common share stands at \$20.90. We’re also making progress on the expense side and have reduced headcount by 7% year over year. We continue to show strong levels of capital and liquidity. On the capital front, our

total capital ratio at Ponce Bank stands at 22.47%, well in excess of regulatory requirements. In terms of liquidity, our liquid assets plus borrowing capacity at the Federal Home Loan Bank of New York ("FHLBNY") stands at \$679.9 million, approximately 1.7 times of our uninsured deposits of \$401.7 million. We remain committed to the communities we serve and our status as a Minority Depository Institution ("MDI")/Community Development Financial Institution ("CDFI"), and we continue to invest in our people and in technology to improve our efficiency".

Executive Chairman's Comment

Steven A. Tsavaris, Ponce Financial Group's Executive Chairman added "We continue to grow both loans and deposits while maintaining credit quality. While we see resiliency in our client base, our prudent approach might result in lower growth in the coming quarters as we prioritize sound underwriting practices and balance sheet management over loan growth."
